Due to the ongoing Covid-19 pandemic the in-person Higgs conference at Stony Brook/BNL is postponed to 2021. Nevertheless, Higgs 2020 will proceed online this year.

Follow us on Twitter: @HiggsConference

Higgs 2020 (former Higgs Couplings) is this year's installment of an annual conference devoted to new experimental and theoretical results on the Higgs boson. The 2020 conference will present the latest results from the LHC on the Higgs boson mass, spin/parity, and couplings and will present new theoretical work devoted to the measurement of Higgs parameters and possibilities for exotic Higgs decays. The conference will provide an opportunity for critical discussion of the current strategies for studying the Higgs boson at the LHC and the next steps beyond the LHC. Higgs 2020 will include several sessions of parallel contributions on current research topics.

How to get Indico?

-  **Option 1: run it yourself**
 - **Pros:** full control, data sovereignty/privacy, cheap (if you have internal IT know-how)
 - **Cons:** may become expensive if there is no know-how
-  **Option 2: get someone to run it on your own infrastructure**
 - **Pros:** full control, data sovereignty/privacy, cheap (if you have your own IT infrastructure)
 - **Cons:** you still need to have your own IT infrastructure
-  **Option 3: get someone to host/run it for you (cloud)**
 - **Pros:** most likely cheaper than running your own IT
 - **Cons:** data sovereignty/privacy
